Notes:

1. To find rent limits for 5 bedroom and 6 bedroom units please refer to TCAC and HUD's published limits. Those bedroom sizes are not included in the table as the County's affordable housing portfolio does not include units of those sizes.
2. County HCD rent limits should only be used for projects that used the Assumed Household Size of 1 person per ST, 2 people per 1 BR, 3 people for 2 BR, 4 people per 3 BR, 5 people per 4 BR. The County HCD rent limits are calculated as 1/12th of 30% of the AMI's income limit. Please confirm with each project's Regulatory Agreement that this is the correct calculation to use when determining each units rent limit.
3. State HCD's HOME rent limits match HUD's published HOME rent limits.
